

WESTERN CANADA

Souvenir of Western Canada.

THE SELECTION OF VIEWS in this Album throughout Western Canada will give an idea of the marvellous expansion which has taken place during recent years. From being a Territory of a few scattered towns, the Golden West has developed into a rich country, with many progressive towns and cities, remarkable for their business activity.

WINNIPEG, Man.--Commonly known as "The Gateway to the Golden West" is the largest and chief business city in the West. It has now a population of over 170,000, and is growing at a marvellous rate.

PORTAGE LA PRAIRIE, Man. - A small, but rising town, with various Manufactures, Grain Elevators, etc.

BRANDON, Man. Where the Government have an Experimental Farm. As a town it is growing rapidly into prominence, and it is one of the chief grain markets in Manitoba.

REGINA, Sask. Headquarters of the North West Mounted Police, is a busy and well laid out town, with a considerable distributing trade over the country to the North and South.

MOOSE JAW, Sask. -With its large Stock Yards, Mills and Elevators, is a town which has sprung up within a short time, and has now a population of over 20,000.

PRINCE ALBERT, Sask. -On the River Saskatchewan, has now a population of 8,000 which is increasing rapidly.

SASKATOON, Sask. A prettily situated town, which has grown from a few scattered hamlets a few years ago to be the large and beautiful town it now is.

EDMONTON, Alta.-- The Capital, shows, perhaps, the greatest rise of any city during recent years, and is yearly growing at a tremendous rate. Although not in the Main Line of the C.P.R., it is only ten hours ride from Calgary, while the Main Line of the G.T.P. passes through here.

CALGARY, Alta. On the Bow River. Here are the extensive irrigation works of the C.P.R., which no visitor who is in the West, should fail to see. The C.P.R. shops now being built here will employ over 5,000 men. The Hudson Bay Co. are erecting a large Departmental Store while Hotels, Office Buildings and Manufacturing Plants are springing up, all of which point to Calgary as being one of the greatest of Western Cities.

THE ROCKY MOUNTAINS - Known as "The Wonderland of Canada," need little comment. Famous the world over, they yearly draw thousands of visitors to see the scenery which is unsurpassed anywhere.

VANCOUVER, B.C. Where there was a population of only some 600 people twenty-five years ago, now boasts of over 100,000. Here is the famous Stanley Park, and the beautiful Bathing Beach which is so well known to all.

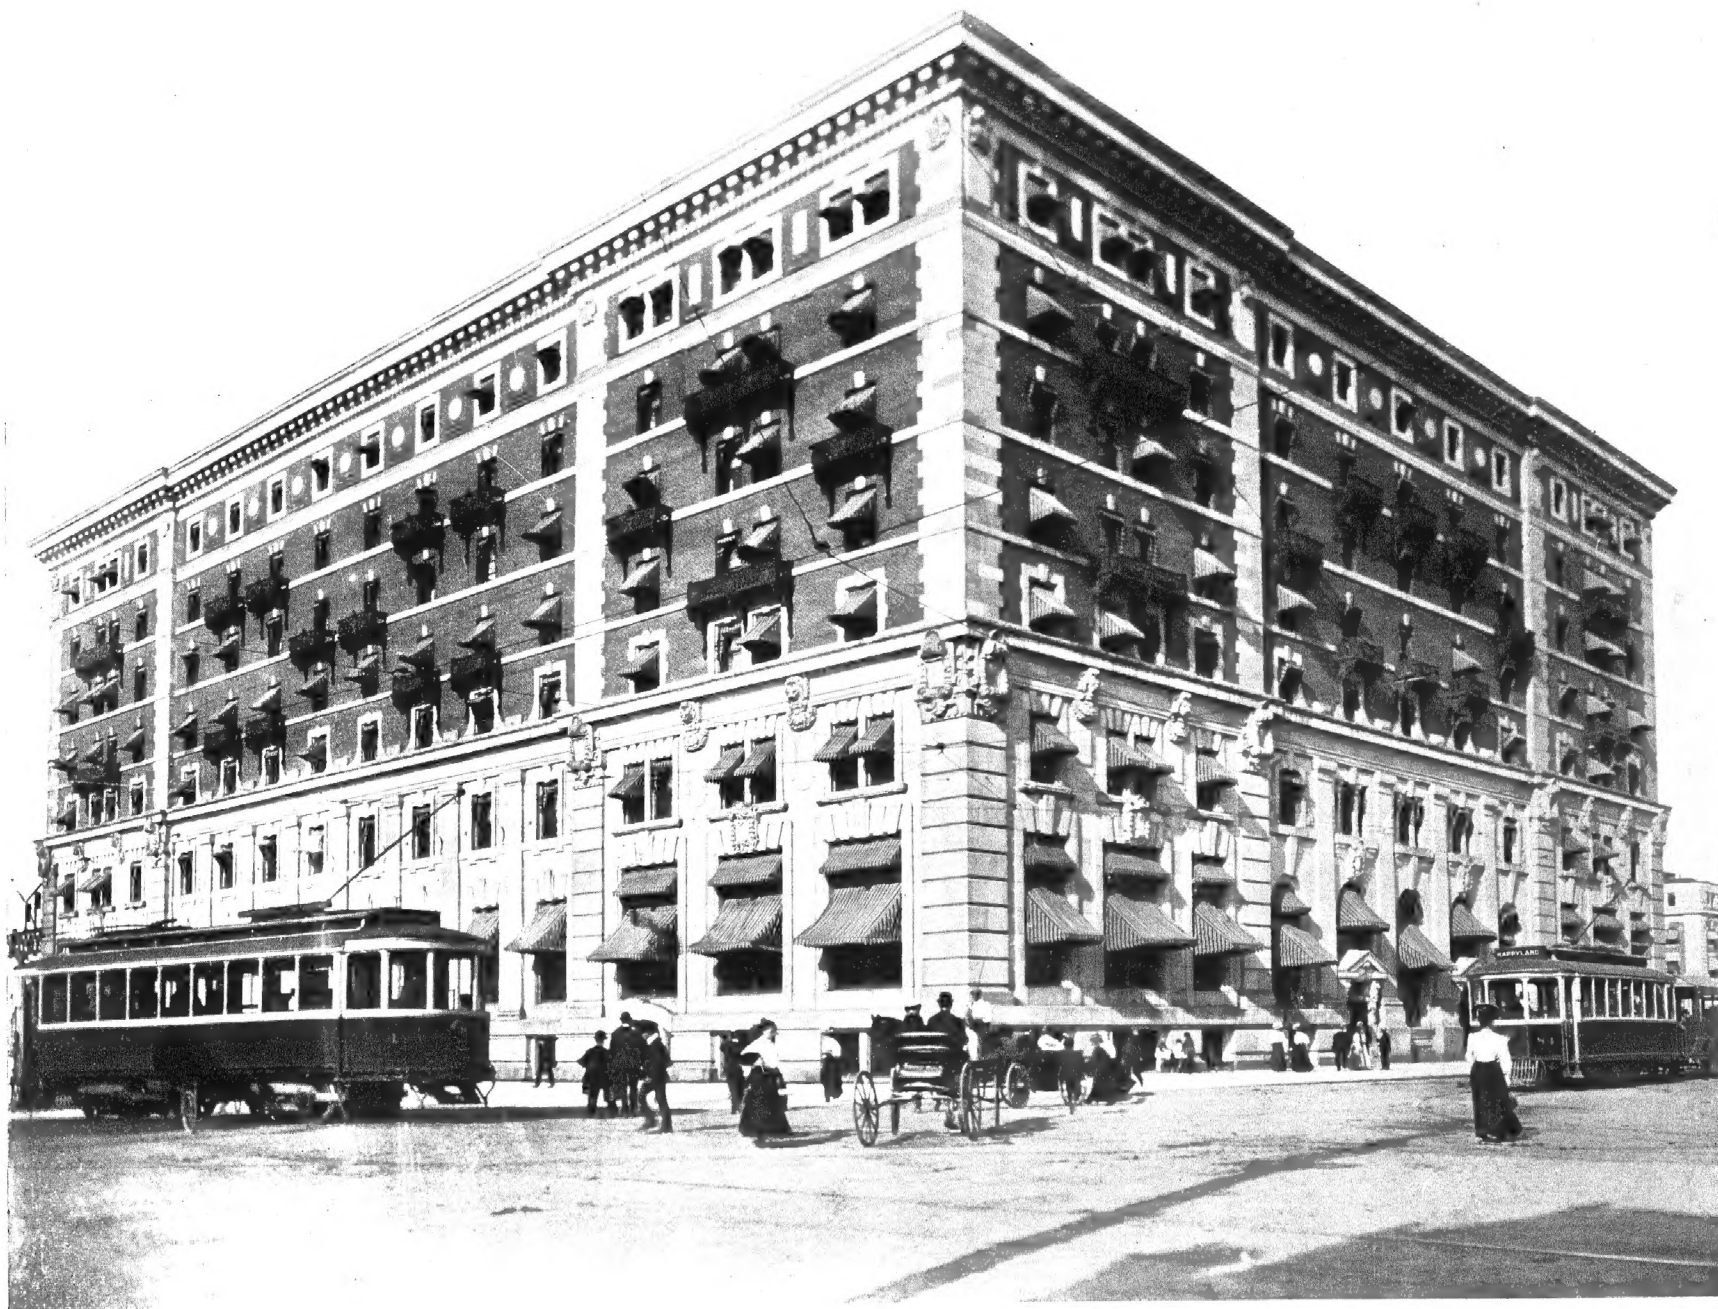

VICTORIA, B.C. A great tourist resort, has a beautiful situation and unexcelled climate. Here are the Parliament Buildings and the well known Esquimalt Harbour.
